

East Side Water Source

Blue Lake Fire & Rescue Department wrote a grant request to TransCanada for funds to help cover the cost of a second well on the east side of the township at the fire barn.

TransCanada responded in April with a check in the amount of \$10,000. The well was installed in May. The costs of installing the 6 and ½ inch well was a total of \$22,279. That included the well digging and electrical hook up.
